NOTE: *S.O.S. is also available in industrial products (Simple Clip System, Heavy-Duty Standalone Cartridge, Restorator, Restorator DUO, Vapor Shark, and the Portable Industrial).
S.O.S. and 3X Industrial are powerful odor neutralizing formulations.

To order products in Fragrances other than Neutral, include item number and specify aroma suffix number.

Example: Use 34-7600-15 to order EZ-Disk in Berry fragrance

*Lemon membranes are recommended for use with 3X Industrial membranes for odor control with a lighter scent.

While the Lemon membranes create a pleasant, fresh fragrance, the formulation does not contain the same odor neutralizing capabilities as the 3X Industrial or S.O.S. membranes.

For the most effective deodorization, Vaportek does not recommend using only Lemon membranes in the Vapor Shark or Portable Industrial.
